

9th HILTI FELLOWSHIP AWARD / CALL FOR APPLICATIONS

Spend Your Summer Term 2012 Abroad - Apply for the Hilti Fellowship Award.
Application Deadline: October 1st, 2011.

<http://www.uni.li/hilti-fellowship>

Hilti awards the most talented Master students in Information Systems (IS) from around the globe with a truly unique fellowship program: The Hilti Fellowship is a combination of practical training at Hilti and academic learning at the University of Liechtenstein, designed to set the cornerstone for a successful future. As such, it combines a stay abroad with a challenging work experience, and the possibility to continue and deepen your Master studies at the same time:

- 1) Go abroad: You are invited to come to the Principality of Liechtenstein and spend five months in the beautiful alpine region of the Rhine Valley for both project work at Hilti and your Master studies at the University.
- 2) Enter an internship: Hilti offers you the possibility to be part of an international project team in the field of global IT and Business Process Management.
- 3) Continue your Master studies: You will be appointed for a position in the international IS Master program in Business Process Management (BPM) at the University of Liechtenstein.

Students from all around the globe have already taken part in the program, which is now being organized for the ninth time, including students from the University of Muenster, the LUISS University in Rome, the University of Turku, the Hong Kong City University, the Moscow Business School, and the University of Verona. A selected group of only 5 students are awarded each term. The selection follows a competitive international review and assessment process. The program also addresses students who will finish their Bachelor studies in the near future and plan to enter an international Master program the next winter term.
