

# Join the Vestas Graduate Programme

Experience the Forces of Wind  
and kick-start your career

---

Did you know that our two-year international Graduate Programme is a great entry to an international career in Wind Energy?

As a graduate you will rotate eight months in three different locations around the world.

For the March intake 2012, we look for candidates in the following three overall functional areas, each covering different aspects of the Vestas Value Chain:

- Sales & Markets
- Finance, Supply Chain & Operations
- Technology & Engineering

Read more and apply through [vestas.com/jobs](http://vestas.com/jobs)

**Application deadline: 15 October 2011**
