[Vulcanus in Japan programme - Session 2022-2023](#)

Dear Sir or Madam,

We are re-launching the "Vulcanus in Japan" programme through the EU and Cosme Universities.

The trainee programme VULCANUS IN JAPAN offers **industrial placements in companies in Japan** to EU and COSME university students of engineering, high-tech or other scientific fields, enrolled **-when applying-** in between the 4th official year of studies and the penultimate year of PhD. *(Should your university offer only a 3-year course of studies, your students will not be eligible. In this case, please disregard this email).*

The programme lasts one year, from September 2022 to August 2023.

You will find more promotional information for your attention in the documents listed below. (You may also wish to print out an [A4/A3 poster with QR code](#) to display).

Applications must be submitted online, by **20 January 2022**.

To prepare their application, students must obtain some documents from your university, including a certificate of enrolment (or equivalent document) in English. Below, all the relevant links with information on the programme and on the application process.

Should you require further information please do not hesitate to contact us.
Thank you very much for the interest you are showing in the Vulcanus programme.
